- b. Purpose Limitation. Ironclad will not Process Customer Personal Data for any purpose other than for the specific purposes set forth in the Agreement or outside the direct business relationship between Customer and Ironclad, unless obligated to do otherwise by applicable law. In such case, Ironclad will inform Customer of that legal requirement before the Processing unless legally prohibited from doing so. Ironclad shall comply with any applicable restrictions under Applicable Data Protection Law(s) on combining Customer Personal Data with personal data that Ironclad receives from, or on behalf of, another person or persons, or that Ironclad collects from any interaction between it and any individual. Notwithstanding the foregoing, Ironclad may Process Customer Personal Data for any purposes permitted by Applicable Data Protection Law(s) for “service providers” (as defined in the CCPA) or Processors to undertake. - j. Data Protection Impact Assessment and Prior Consultation. Upon written request from Customer, Ironclad agrees to provide reasonable assistance at Customer's expense to Customer where, in Customer's judgment, the type of Processing performed by Ironclad is likely to result in a high risk to the rights and freedoms of natural persons (e.g., systematic and extensive profiling, Processing sensitive Personal Data on a large scale and systematic monitoring on a large scale, or where the Processing uses new technologies) and thus requires a data protection impact assessment and/or prior consultation with the relevant data protection authorities.

4. Cross-Border Transfers of Personal Data.

- a. Cross-Border Transfers of Personal Data. Customer authorizes Ironclad and its Third Parties to transfer Customer Personal Data across international borders, including from the European Economic Area (the "EEA"), the United Kingdom, and Switzerland to the United States. Ironclad and Customer agree to use the Standard Contractual Clauses as the adequacy mechanism supporting the transfer and Processing of Customer Personal Data, as further detailed below.
- b. 2021 Standard Contractual Clauses. For transfers of Customer Personal Data out of the EEA that are subject to Section 4(a) of this DPA, the 2021 Standard Contractual Clauses will apply and are incorporated into this Addendum. For purposes of this Addendum, the 2021 Standard Contractual Clauses will apply as set forth in this Section 4(b). "Module Two: Transfer controller to processor" will apply and all other module options will not apply. Under Annex 1 of the 2021 Standard Contractual Clauses, the "data exporter" is Customer and the "data importer" is Ironclad and the information required by Annex 1 can be found in Exhibit 1. For the purposes of Annex 2 of the Standard Contractual Clauses, the technical and organizational measures implemented by the data importer are those listed in Section 5 of this Addendum. Clause 7 will not apply. For clause 9, the Parties choose Option 2 and the Parties agree that the time period for prior notice of Third Party changes will be as set forth in 3(f) of this Addendum. For clause 11, the optional language will not apply. For clause 17, the Parties choose Option 1 and the Parties agree that the governing law will be the Republic of Ireland. For clause 18, the Parties agree that the courts of the Republic of Ireland will apply for subsection (b).
- c. UK Standard Contractual Clauses. For transfers of Customer Personal Data out of the United Kingdom that are subject to Section 4(a) of this Addendum, the UK Standard Contractual Clauses will apply and are incorporated into this Addendum. For purposes of this Addendum, the UK Standard Contractual Clauses will apply as set forth in this Section 4(c). For Table 1 of the UK Standard Contractual Clauses, (i) the Parties' details shall be the Parties and their affiliates to the extent any of them is involved in such transfer, including those set forth in Annex 1 of the 2021 Standard Contractual Clauses and (ii) the Key Contacts shall be the contacts set forth in Annex 1 of the 2021 Standard Contractual Clauses. - d. Switzerland Transfers. For transfers of Customer Personal Data out of Switzerland that are subject to Section 4(a) of this DPA, the 2021 Standard Contractual Clauses will apply and will be deemed to have the differences set forth in this Section 4(d), to the extent required by the Swiss Federal Act on Data Protection ("FADP"). References to the GDPR in the 2021 Standard Contractual Clauses are to be understood as references to the FADP insofar as the data transfers are subject exclusively to the FADP and not to the GDPR. The term "member state" in the 2021 Standard Contractual Clauses shall not be interpreted in such a way as to exclude data subjects in Switzerland from the possibility of suing for their rights in their place of habitual residence (Switzerland) in accordance with Clause 18(c) of the 2021 Standard Contractual Clauses.

References to personal data in the 2021 Standard Contractual Clauses also refer to data about identifiable legal entities until the entry into force of revisions to the FADP that eliminate this broader scope. Under Annex I(C) of the 2021 Standard Contractual Clauses (Competent supervisory authority): where the transfer is subject exclusively to the FADP and not the GDPR, the supervisory authority is the Swiss Federal Data Protection and Information Commissioner, and where the transfer is subject to both the FADP and the GDPR, the supervisory authority is the Swiss Federal Data Protection and Information Commissioner insofar as the transfer is governed by the FADP, and the supervisory authority is as set forth in the 2021 Standard Contractual Clauses insofar as the transfer is governed by the GDPR.

- e. Each party's signature to this Addendum shall be considered a signature to the Standard Contractual Clauses. If required by the laws or regulatory procedures of any jurisdiction, the Parties shall execute or re-execute the Standard Contractual Clauses as separate documents. In case of conflict between the Standard Contractual Clauses and this Addendum, the Standard Contractual Clauses will prevail.
- f. Data Privacy Framework. Ironclad participates in and certifies compliance with the Data Privacy Framework. As required by the Data Privacy Framework, Ironclad (i) provides at least the same level of privacy protection as is required by the Data Privacy Framework Principles; (ii) will notify Customer if Ironclad makes a determination it can no longer meet its obligation to provide the same level of protection as is required by the Data Privacy Framework Principles; and (iii) will, upon written notice, take reasonable and appropriate steps to remediate any unauthorized processing of Customer Personal Data.

Notwithstanding anything to the contrary in the Agreement, Customer may conduct a follow-up audit within six (6) months of Ironclad's notice of completion of any necessary changes. To the extent that a Customer audit identifies any material security vulnerabilities, Ironclad shall promptly remediate those vulnerabilities.
